## COUNCIL COMMUNICATION

TO: City Council  
FROM: City Manager  
MEETING DATE: September 5, 1990  
AGENDA TITLE: Replacement of Two Police Vehicles

Fund to be Charged:  
12 Equipment Fund

**RECOMMENDED ACTION:** That the City Council authorize the purchase of two sedans to replace Police Vehicles #05028 and 105050 at an estimated cost of \$11,500 each.

**BACKGROUND INFORMATION:** Police Vehicle 105028 is a 1979 Ford Granada, 4-door sedan purchased January 22, 1980 for \$5,022.00. It was fully depreciated in 1984, has 112,360 miles on it, and has an accumulated cost to date of \$5,232.36.

On August 12, 1990, this vehicle was towed into the Equipment Maintenance Shop. The timing and valve covers were removed to find a broken timing chain and all valves bent, indicating that the engine will need to be rebuilt or replaced. Considering that the cost would be approximately \$2,500 for parts and labor, and that the vehicle was scheduled for replacement in fiscal year 1991-92, it is recommended that the City replace it now.

Police Vehicle #05050 is a 1985 Ford LTD, 4-door sedan purchased February 4, 1986 for \$7,948.94. It would be fully depreciated in 1991, has 92,916 miles on it, and has an accumulated cost to date of \$2,591.39.

On June 4, 1990, this vehicle was towed to the Municipal Service Center Equipment Maintenance Shop from Elk Grove. It had been involved in an accident that caused substantial damage, particularly to the vehicle's frame. Considering the estimate to repair the car is, at \$1,650.00, more than the value of the vehicle, and considering it was scheduled to be replaced in fiscal year 1991-1992, it is recommended that the City replace it now.
